## Australian Unity Balanced Growth Portfolio ARSN 090 010 638

### Changes to the fees and costs in the Fund's PDS

Following a review of the expenses associated with the Portfolio, the Responsible Entity has decided to increase the amount it recovers from the assets of the Portfolio to help to pay for some of the expenses incurred in connection with the day-to-day operation of the Portfolio. The change will be effective 1 November 2017, and is separate to management and performance fees.

Expenses which may be recovered are those expenses generally incurred in the day-to-day operation of the Portfolio and include, for example: registry costs, legal, custodian services, compliance and related administration functions, accounting, printing, audit and asset management fees. We estimate these to be around 0.12%p.a.<sup>1</sup> of the net assets relating to the Portfolio each financial year ending 30 June, this is an increase of 9 basis points from 0.03%p.a.<sup>1</sup> recovered previously. Recoverable expenses are accrued as and when incurred by the Portfolio, and therefore the amount recovered each month may vary.

There is no change to the current management fee of the Portfolio.
