Important Information

Out-of-pocket costs

At Australian Unity we want to try to help with the cost of looking after your health by putting some money back in your wallet. Extras cover can help you get money back on common health treatments that aren't generally covered by Medicare.

You'll get a percentage of the cost, or set benefits back on included Extras every time you claim, until you reach your yearly limit, where applicable. Therefore you only pay the difference between what you get back from Australian Unity and the cost set by your provider.

Please call us or refer to your Member Guide and Terms & Conditions for further information on how this cover works. If you want more specific information about what you can expect your out-of-pocket costs to be, we recommend you obtain a quote from your provider before undergoing treatment, along with a list of item numbers. You can then contact us or log in to Online Member Services for details of benefits before proceeding with your treatment.

Dental Service Limits

We use the Australian Dental Association (ADA) guidelines and our Fund Rules to determine whether we pay benefits for certain services. For example, the ADA guidelines help us to categorise each dental service (e.g. 'diagnostic', 'Periodontics') and may indicate that a certain dental item number can't be charged by a provider with another service during the same visit. Some limited services may also not be payable under our assessment rules. Where possible, you should always contact us to determine the benefits you can expect to receive.

Planning a family

There's no happier time than starting or growing your family, and we want to ensure your new addition is covered straight away on your policy without having to serve waiting periods. It's important to contact us in a timely manner as you may not be able to backdate this request. More details on managing your membership and the requirements to add a child can be found in the Member Guide, at australianunity.com.au/importantdocuments

Waiting Periods

You cannot receive benefits for any items or services you may have received while you are serving a relevant waiting period. However, if you've already served your waiting periods on an equivalent or higher level of cover with any registered Australian health fund and join within 30 days of leaving that fund, you will not have to re-serve your waiting periods. Otherwise, waiting periods will apply from the date you re-join. If you've upgraded your cover, your waiting periods for the higher benefits will start on the date you upgrade, but you can still claim an equivalent benefit to your previous level of cover during that period.

Consultations and Telehealth Appointments

References to 'consultations' in the tables above are to in-person consultations. The following treatments are also eligible for benefits where the consultation can be appropriately delivered as a telehealth appointment: Exercise Physiology, Physiotherapy and Psychology. Benefits are only payable for one consultation with a provider on the same day, for the same member.

Purchases for Orthotics and Garments

Benefits will only be paid for items designed to assist a medical condition and purchased within Australia.

For Orthotics and Garments, a recommendation is required from an approved healthcare practitioner indicating the medical condition for which the item is required. This may be a letter (no more than 6 months old) or the referral must be detailed on the account.

Recognised Providers

We only pay benefits when you see a recognised provider in a private practice. Please contact us to check if your provider is recognised by us.

Changes to your cover

We may at any time make changes to your cover. This may include adding or reducing the benefits or services available to you. We will ensure that we provide you with appropriate notice of these changes in accordance with the Private Health Insurance Act 2007, the Australian Consumer Law and the Private Health Insurance Code of Conduct.
