Health Support Programs

The diagnosis of a chronic condition or illness can leave you feeling vulnerable and overwhelmed. Australian Unity at home Health Support programs are there to increase your knowledge, skills and confidence – and ultimately, help improve or sustain your health and wellbeing. Work with a team of highly qualified and experienced health consultants to develop a personalised plan that complements the care you are already receiving. We have a range of programs available covering conditions such as Diabetes, Heart-related, Integrated care and mental health care including the **MindStep® Mental Health Program.**

To check programs available and your enrolment eligibility and any waiting periods that may apply, please contact Australian Unity. More information can be found at australianunity.com.au/wellnessbenefits

Important Information

✔ Covered treatments means your hospital cover will pay benefits towards:

- Accommodation in an agreement Private Hospital room/ward for overnight or same day admission
- Accommodation in a Public Hospital, shared room/ward for overnight or same day admission up to the minimum (default) rate as set by the Australian Government
- Operating theatre, and intensive/coronary care fees
- Medication in hospital approved by the Pharmaceutical Benefits Scheme (PBS) (excluding medication you take home)
- Allied health services directly related to your admission provided by the hospital (e.g. physiotherapy) while admitted
- Dressings and other consumables while admitted. Excludes some robotic surgery consumables.
- Attending doctor/surgeon fees raised while admitted
- Most diagnostic tests during your admission e.g. pathology and radiology
- The cost of a prosthesis as listed in the prostheses list set out in the Private Health Insurance (Prostheses) Rules, as in force from time to time
- Private room in an agreement Private Hospital where available

Out-of-pocket costs

If you are admitted to hospital (including for Covered treatments) you may have out-of-pocket costs, some of which have been detailed below. If you want more specific information about what you can expect these costs to be, we recommend you obtain a quote from your doctors/hospital before undergoing treatment. Then contact us for details of benefits before proceeding with your treatment.

Additionally, benefits are not payable for claims where you have the right to claim compensation, damages or benefits from another source (e.g. TAC or WorkCover), now or at a later date.

Excess

In exchange for a lower premium, an excess is a set amount of money you agree to pay towards the hospital accommodation costs if you or a family member is admitted to hospital.

With Classic Hospital you have a choice of three excesses:

- Classic Hospital \$250 excess
- Classic Hospital \$500 excess
- Classic Hospital \$750 excess

Singles will only pay one excess for the first hospital admission each calendar year. Couples and families will only pay one excess for the first hospital admission per adult each calendar year. Plus you won't pay an excess if your child or student dependant is admitted to hospital.

Waiting Periods

You cannot receive benefits for any items or services you may have received while you are serving a relevant waiting period. However, if you've already served your waiting periods on an equivalent or higher level of cover with any registered Australian health fund and join within 30 days of leaving that fund, you will not have to re-serve your waiting periods. Otherwise, waiting periods will apply from the date you re-join. If you've upgraded your cover, your waiting periods for the higher benefits will start on the date you upgrade, but you can still claim an equivalent benefit to your previous level of cover during that period.

Classic Hospital waiting periods are:

- 2 months: psychiatric, rehabilitation and palliative care
- 12 months: all pre-existing conditions except psychiatric, rehabilitation and palliative care

Pre-existing conditions

A pre-existing condition is an illness, ailment or condition where, in the opinion of our appointed medical practitioner (i.e. not your own doctor), the signs or symptoms existed up to six months before and on the day you joined Australian Unity or upgraded your cover, irrespective of whether you were aware of it. If you make a hospital claim in the first 12 months of your membership, we will ask you to get your consulting doctors (e.g. your dentist, GP or specialist) to complete a medical report. You should ask us to carry out this assessment before going into hospital.

Accidents

Accident means an unplanned and unforeseen event, occurring by chance, and leading to bodily injuries caused solely and directly by an external force or object requiring treatment from a Medical Practitioner (defined here as a medical doctor who is not the member or a relative of the Member) within 7 days of the event, but excludes injuries arising out of: surgical procedures; unforeseen illness; pregnancy; drug use; and aggravation of an underlying condition or injury.

Restricted Services

Restricted services are hospital claims which are limited to a minimum (default) benefit. This is the minimum dollar amount set by the Australian Government for accommodation as a private patient in a shared room of a public hospital. A Restricted service does not pay any money towards the cost of intensive or coronary care, or theatre fees in a private hospital or private day centre. Therefore you may incur a large out-of-pocket expense. Contact us on 13 29 39 for more information.

Important Information continued

Hospital Accommodation

General

Hospital covers do not pay any benefits towards the cost of non-admitted hospital visits, attendance at a doctor's room or administration fees when you attend an Emergency Department. You will be out-of-pocket for all of these costs.

Private room of a Public Hospital / Non-Agreement Private Hospital

If you are admitted to a private room of a public hospital, or to a non-agreement private hospital, then the amount we pay is a set rate and may not cover the full cost of your stay which means you may incur large out-of-pocket costs.

Shared room of a Public Hospital

If you are admitted as a private patient in a shared room of a public hospital, then the amount we pay is the minimum (default) benefit for the accommodation set by the Australian Government. If the hospital charges more than the minimum (default) benefit, you will incur out-of-pocket costs.

Medical Bills

The Australian Government sets a schedule of fees for all medical treatments called the Medicare Benefits Schedule (MBS). When you're treated as a private patient in a public or private hospital, Medicare pays 75% of the MBS fee and Australian Unity pays the remaining 25%. If your doctor or specialist charges more than the MBS fee, then this will result in an out-of-pocket expense better known as 'the gap'.

Gap Cover

To help reduce or avoid 'the gap' payment of medical bills, we've set our own Gap Cover schedule of fees, which are generally higher than the Medicare Benefits Schedule (MBS).

If your doctor or specialist agrees to participate in Australian Unity's Gap Cover scheme, we can pay for some, if not all, of the gap.

If Gap Cover won't fully cover your participating doctor's fees, your doctor must tell you how much you'll have to pay in writing before treatment can begin. This is called Informed Financial Consent.

To find a Gap Cover doctor please visit: australianunity.com.au/gap-cover

Planning a family

It is important that members upgrade to a family level of cover at least two months before your baby's birth. This will ensure your baby will be covered at birth. Otherwise, if your baby needs to be admitted to hospital, a 12 month waiting period for pre-existing conditions will apply from the date you changed to a family membership.

For more information, please refer to your Member Guide particularly Important Things to Know - Terms and Conditions and the Fund Rules available at australianunity.com.au/importantdocuments

Changes to your cover

We may make changes to your cover. This may include adding or reducing the benefits or services available to you. We will ensure that we provide you with appropriate notice of these changes in accordance with the Private Health Insurance Act 2007, the Australian Consumer Law and the Private Health Insurance Code of Conduct.

Recognised providers

We only pay benefits when you see a recognised provider in a private practice. Please contact us to check if your provider is recognised by us.

Surgical Implants (Prosthesis)

If a treatment is Covered (or Restricted) under your hospital cover, you are also covered for any Australian government-approved surgical prosthesis on the government's Prostheses List. We will pay up to 100% of the minimum cost of the prosthesis, as required under legislation, so you shouldn't have any out-of-pocket expenses. However, if the prosthesis used is listed as a 'known gap' prosthesis, you'll have to pay any gap charged by the hospital, but the hospital or doctor needs to provide you with Informed Financial Consent first.
