Out-of-pocket costs - Hospital
If you are admitted to hospital (including for Covered treatments) you may have out-of-pocket costs, some of which have been detailed below.

If you want more specific information about what you can expect these costs to be, we recommend you obtain a quote from your doctors/hospital before undergoing treatment. Then contact us for details of benefits before proceeding with your treatment.

Additionally, benefits are not payable for claims where you have the right to claim compensation, damages or benefits from another source (e.g. TAC or WorkCover), now or at a later date.

Excess
In exchange for a lower premium, an excess is a set amount of money you agree to pay towards the hospital accommodation costs if you or a family member is admitted to hospital.

With Top Choice (Silver Plus) you have a choice of excess:
- Top Choice (Silver Plus) $500 excess
- Top Choice (Silver Plus) $750 excess

On Top Choice (Silver Plus), depending on your choice of excess, Singles will pay a maximum excess of $500/$750 each calendar year. Couples and families will pay a maximum excess of $1,000/$1,500 each calendar year, but no overnight admission will cost you more than a $500/$750 excess. You will only have to pay half the excess for day surgeries that do not result in an overnight admission. If the applicable total excess isn’t paid after your first hospital admission, you will have to pay the remaining balance of the excess on any subsequent admission(s) within the same calendar year. Plus you won’t pay an excess if any children or student dependants listed on your membership are admitted to hospital.

Waiting Periods
You cannot receive benefits for any items or services you may have received while you are serving a relevant waiting period. However, if you’ve already served your waiting periods on an equivalent or higher level of cover with any registered Australian health fund and join within 30 days of leaving that fund, you will not have to re-serve your waiting periods. Otherwise, waiting periods will apply from the date you re-join. If you’ve upgraded your cover, your waiting periods for the higher benefits will start on the date you upgrade, but you can still claim an equivalent benefit to your previous level of cover during that period.

Top Choice (Silver Plus) waiting periods for the hospital services on your cover are:
- 2 months: Psychiatric, Rehabilitation and Palliative Care
- 12 months: all pre-existing conditions except Psychiatric, Rehabilitation and Palliative Care

Pre-existing conditions
A pre-existing condition is an ailment, illness or condition that in the opinion of a medical practitioner appointed by Australian Unity (not your own doctor), the signs or symptoms of that ailment, illness or condition existed at any time in the period of six months ending on the day on which you joined Australian Unity or upgraded your cover, irrespective of whether you were aware of it. If you make a hospital claim in the first 12 months of your joining or upgrading your cover, we will ask you to get your consulting doctors or other practitioner (e.g. your dentist, GP or specialist) to complete a medical report. You should ask us to carry out this assessment before going into hospital.

Accidents
Accident means an unplanned and unforeseen event, occurring by chance, and leading to bodily injuries caused solely and directly by an external force or object requiring treatment from a Medical Practitioner (defined here as a medical doctor who is not the member or a relative of the Member) within 7 days of the event, but excludes injuries arising out of: surgical procedures; unforeseen illness; pregnancy; drug use; and aggravation of an underlying condition or injury.

Restricted Services
Restricted services are hospital claims which are limited to a minimum (default) benefit. This is the minimum dollar amount set by the Australian Government for accommodation as a private patient in a shared room of a public hospital. A Restricted service does not pay any money towards the cost of intensive or coronary care, or theatre fees in a private hospital or private day centre. Therefore you may incur a large out-of-pocket expense. Contact us on 13 29 39 for more information.

Changes to your cover
We may at any time make changes to your cover. This may include adding or reducing the benefits or services available to you. We will ensure that we provide you with appropriate notice of these changes in accordance with the Private Health Insurance Act 2007, the Australian Consumer Law and the Private Health Insurance Code of Conduct.
Important Information continued

**Hospital Accommodation**

**General**
Hospital covers do not pay any benefits towards the cost of non-admitted hospital visits, attendance at a doctor’s room or administration fees when you attend an Emergency Department. You will be out-of-pocket for all of these costs.

**Non-Agreement Private Hospital/ Private room in a Public Hospital**
If you are admitted to a non-agreement private hospital, or to a private room of a public hospital, then the amount we pay is a set rate and may not cover the full cost of your stay which means you may incur large out-of-pocket costs.

**Shared room of a Public Hospital**
If you are admitted as a private patient in a shared room of a public hospital, then the amount we pay is the minimum (default) benefit for the accommodation set by the Australian Government. If the hospital charges more than the minimum (default) benefit, you will incur out-of-pocket costs.

To find an agreement Private Hospital please visit: australianunity.com.au/agreementhospitals

**Medical Bills**
The Australian Government sets a schedule of fees for all medical treatments called the Medicare Benefits Schedule (MBS). When you’re treated as a private patient in a public or private hospital, Medicare pays 75% of the MBS fee and Australian Unity pays the remaining 25%. If your doctor or specialist charges more than the MBS fee, then this will result in an out-of-pocket expense better known as ‘the gap’.

**Gap Cover**
To help reduce or avoid ‘the gap’ payment of medical bills, we’ve set our own Gap Cover schedule of fees, which are generally higher than the Medicare Benefits Schedule (MBS). If your doctor or specialist agrees to participate in Australian Unity’s Gap Cover scheme, we can pay for some, if not all, of the gap.

If Gap Cover won’t fully cover your participating doctor’s fees, your doctor must tell you how much you’ll have to pay in writing before treatment can begin. This is called Informed Financial Consent.

To find a Gap Cover doctor please visit: australianunity.com.au/gap-cover

**Out-of-pocket cost - Extras**
At Australian Unity we want to try to help with the cost of looking after your health by putting some money back in your wallet. Extras cover can help you get money back on common health treatments that aren’t generally covered by Medicare.

You’ll get either a percentage of the cost back, or a set dollar amount, on included Extras every time you claim, until you reach your yearly limit. Therefore you only pay the difference between what you get back from Australian Unity and the cost set by your provider.

Please call us or refer to your Member Guide and Terms & Conditions for further information on how this cover works. If you want more specific information about what you can expect your out-of-pocket costs to be, we recommend you obtain a quote from your provider before undergoing treatment, along with a list of item numbers. You can then contact us or log in to Online Member Services for details of benefits before proceeding with your treatment.

**Dental Service Limits**
We use the Australian Dental Association (ADA) guidelines and our Fund Rules to determine whether we pay benefits for certain services. For example, the ADA guidelines help us to categorise each dental service (e.g. ‘diagnostic’, ‘Periodonctics’) and may indicate that a certain dental item number can’t be charged by a provider with another service during the same visit. Some limited services may also not be payable under our assessment rules. Where possible, you should always contact us to determine the benefits you can expect to receive.
Important Information continued

Planning a family
Please contact us if you're planning a family to make sure this cover is appropriate for you and your family.

There's no happier time than starting or growing your family, and we want to ensure your new addition is covered straight away on your policy.

Family, Single Parent Family or Couple memberships
It is important that you notify us within 12 months of your baby's birth and add them to your policy effective from their date of birth, for waiting periods to be waived.

Please note that Couple memberships will also need to change to a Family membership and back pay any difference in premium (if applicable).

Single memberships
To avoid your baby serving waiting periods, it is important that within 30 days of the birth you:

- Upgrade to a Family or Single Parent Family cover;
- Add your baby to the policy

These changes will be made effective from the baby's date of birth and you will be required to back pay any difference in premium.

Please note, this cover does not pay benefits for the clinical category Pregnancy and Birth.
