

Funeral Saver Safety Net

Case Study - Anne

Anne is a 55 year old first nations woman who is employed part time as a community worker. She earns \$40,000 a year and has been putting away \$50 each month into her FuneralPlan Bond for over a year, aiming to save \$5,000 to meet the estimated costs of her funeral.

Anne's funeral bond is valued at \$3,000. As Anne has met the regular minimum contribution requirements and her policy is valued at less than \$5,000, if Anne suddenly passed away, her family would be eligible for a top-up of \$2,000 towards her funeral costs, including costs such as a smoking ceremony and burial at her nominated location.
