

Sustainable Short Term Income Fund

Monthly distributions, daily liquidity

The Sustainable Short Term Income Fund (the Fund) offers daily liquidity and exposure to short-term money market and medium-term floating instruments that aim to improve returns and diversification. The Fund actively considers environmental, social and governance issues when selecting investments. The Fund is managed by a senior team with an extensive track record of managing cash and fixed income, with over \$2b in funds under management.

Why invest in the Sustainable Short Term Income Fund?

Diversified asset pool

Access to a portfolio of cash and short-term interest bearing securities

Daily liquidity

Daily liquidity available to both wholesale and retail investors

Monthly distributions

Distributions are paid monthly

Considers ESG factors

Investment objective

The Fund aims to outperform (pre fees) the Bloomberg¹ Ausbond Bank Bill Index plus 60 to 100 basis points per annum over rolling three year periods.

Investment process

The Fund invests in a combination of short-term money market instruments and medium-term floating securities that are predominantly investment-grade rated.

The investment team:

- constructs a portfolio designed to balance risk, return and liquidity
- considers Environmental, Social and Governance issues
- aims to maintain capital stability through limited exposure to interest rate movements and credit management
- provides ongoing oversight and due diligence to ensure the Sustainable Short Term Income Fund meets our investment and sustainability objectives.
