The 'as is' component of the development project valuation is relied upon to ensure that our initial advance against the unimproved value of the development site remains within an acceptable LVR. <b>Benchmark 8: Withdrawal arrangements</b>			
<p><i>The ASIC Benchmark distinguishes between liquid and non-liquid schemes, to reflect the differences to an investor's ability to withdraw.</i></p> <p><i>RG 45.64 Liquid schemes</i></p> <p><i>A liquid scheme is required to disclose whether it facilitates payment of withdrawal requests within 90 days.</i></p> <p><i>RG 45.65 Non-liquid schemes</i></p> <p><i>For non-liquid schemes, the responsible entity intends to make withdrawal offers to investors at least quarterly.</i></p>	Benchmark not met.	<p>The Fund itself is not a liquid scheme. ## Australian Unity Select Income Fund

### Disclosure Principles Section

ASIC's disclosure principles for mortgage schemes require disclosure of certain information relevant to each principle. The principles are intended to help investors understand the risks and potential rewards associated with these investments. Each disclosure principle is set out below.

#### Liquidity

##### Disclosure Principle 1 – Liquidity

The Fund is a contributory mortgage scheme, as such RG 45.72 – RG 45.74 do not apply. Subject to any investment investors may have in the Fund's Cash Account, their entitlement to income or capital is based only on their investment in a specific Syndicate-Fund and they have no right to the income or capital of other Syndicate-Funds. Investors are provided details relating to liquidity in the issue of each Invitation to Invest / Supplementary Product Disclosure Statement ('SPDS').

#### Fund borrowing

##### Disclosure Principle 2 – Fund borrowing

The Fund does not currently have any borrowing and does not currently intend to borrow, as such RG 45.75 – RG 45.79 do not apply.

#### Portfolio diversification

##### Disclosure Principle 3 – Loan portfolio and diversification

The Fund is a contributory mortgage scheme, as such RG45.80 – RG 45.87 do not apply. Investors of the Fund gain exposure to mortgage loans via Syndicate-Funds. All the loans in the Fund are secured by a registered first mortgage.

#### Related parties

##### Disclosure Principle 4 – Related party transactions

As at 30 September 2018 related parties held interests in the Fund of \$15.45 million (10.76%) based on net assets and the Fund had invested \$17.30 million into the Australian Unity Wholesale Cash Fund.

AUFM may engage related parties to provide services to assist in management of the Fund's portfolio. The arrangements described above were made on commercial terms and conditions and on an arm's length basis. Investor approval is not required for this arrangement as it is made on commercial terms and conditions and on an arm's length basis.

Related party arrangements carry a risk that they could be assessed and reviewed less rigorously than arrangements with other parties.

Australian Unity has policies and guidelines in place to manage the risk of any actual or perceived conflict of interest as a result of a related party transaction. Related party transactions between Australian Unity Group entities are reviewed, approved and monitored by senior management with a clearly identified governance policy. Decisions in relation to conflicts of interest and related party transactions are documented.

For further information about the Related Party Policy please contact us. The latest Annual Report can be found on our website [australianunity.com.au/wealth](http://australianunity.com.au/wealth). Alternatively we can send you a free copy if you call us on 13 29 39.

### Valuation policy

#### Disclosure Principle 5 – Valuation policy

Investors can email [investments@australianunity.com.au](mailto:investments@australianunity.com.au) or call 13 29 39 to request a copy of the AUFM's Valuation Policy.

On a quarterly basis Head of Mortgages attests to the directors of AUFM that appropriate valuations are in place for each of the security properties. Management review the independent valuations for properties by size in each mortgage portfolio.

Independent external valuations of properties forming security for mortgage loans are obtained:

- at the time the loan amount is approved, it is on an 'as is' and 'on completion' basis for all security property as relevant;
- for existing loan accounts where formal renewal terms are approved and offered, at the time when the existing loan account is renewed ; or
- as soon as practicable, but no later than within two months, after AUFM's management or directors form a view that there is reason to believe that the security property value may have caused a material breach of a loan covenant.

There are no material inconsistencies between any current valuations of the security property and the AUFM's Valuation Policy.

AUFM issues an investor with a SPDS which provides information about the valuation of the property securing a loan in which the investor has, or is being offered, an interest.

#### Lending principles

##### Disclosure Principle 6 – Lending principles (LVR)

The maximum and weighted average loan-to-valuation ratio for the Fund as at 30 September 2018 is:

	% as at 30 September 2018
Maximum LVR	70
Weighted LVR <sup>1</sup>	64

1. Weighted by value of the loans of the Fund.

Where the loan relates to property development risk is mitigated by adopting additional procedures for such loans involving the use of an independent quantity surveyor who certifies the value of all work and certifies the cost to complete of such construction.

Funds are provided to the borrower in stages based on independent evidence of the progress of the development. When funds are drawn, we aim to ensure that the amount un-drawn of the loan is equal or more than the cost to complete as certified by our quantity surveyor.

At 30 September 2018 there were 20 loans with a total drawn to value of \$126.39 million which have been provided in relation to properties intended for development. Of these, 18 loans drawn to \$116.41 million have proceeded as construction loans. The remaining 2 loans that have been drawn to \$9.88 million are for non-construction purchases.

## Distribution practices

### Disclosure Principle 7 – Distribution practices

The interest rate payable to investors and the date the loan is to be repaid are set out in the SPDS. Generally all distributions are sourced from income received in the relevant distribution period. Distributions are generally paid monthly to investors within 21 business days after the end of the distribution period. The rate of interest applicable to a particular Syndicate-Fund and details regarding the borrower and purpose of the loan are provided in the applicable SPDS. There are risks associated with investing in a first mortgage loan, such as default risk. Where a borrower fails to make a payment which results in a default, investors may receive a lower return on their investment. There is no guarantee that if you have invested into a Syndicate-Fund that you will receive the return of some or all of your investment. Additional risks are set out in the 'Risks of managed investment schemes' section of the PDS. We do not make distribution forecasts for the Cash Account.

## Withdrawal arrangements

### Disclosure Principle 8 – Withdrawal arrangements

Syndicate-Funds are illiquid and generally do not permit withdrawals. Capital from a Syndicate-Fund is only returned to the Cash Account upon repayment of a registered first mortgage loan by the borrower.

The return of capital from a Syndicate-Fund to the Cash Account may be delayed and/or reduced if a registered first mortgage loan is not repaid by the borrower by the end of the loan term.

We may take action against the borrower and/or any guarantors if a delay or a reduction in repayment of the loan occurs. Recovery action may delay investors receiving the return of the investment.

Refer also to the 'Risks of managed investment schemes' section of the PDS.

Withdrawals are permitted from the Fund's Cash Account by providing two business days written notice. The Fund's Constitution allows up to 90 days to satisfy withdrawal requests from the Cash Account.
