## VIDEO NDIS Client Alisa

Australian Unity client, Alisa described how she has achieved independence with support from the Australian Unity and the NDIS.

Living on my own I didn't think I's ever do but I seem to be managing quite well.

They asked if we, anybody needed help with developing their plans so I put my hand up and said yes. They went through the process with us, payment plans and who we have to provide our services.

More personal care, more housework, more social support.

You end up becoming close, yes, yeah, and getting a rapport with them.

We can sort of run the show rather than having them run it. We'll have more freedom.

Time to thrive. Australian Unity
