Australian Unity Property Income Fund – ARSN 094 220 498

September 2023 Property Valuation

As part of our active management approach, we have had one of the Fund’s directly held properties independently valued during September 2023.

The property valuation resulted in an aggregate net increase of 0.8% or \$0.1 million from the properties’ prior valuation, due to sharp increase in rental, offset by softening capitalisation rates.

The result reflects an aggregate net decrease of (8.8%) or (\$1.2) million from the properties’ book value immediately prior to the current independent valuation.
